PRESS RELEASE FOR IMMEDIATE RELEASE

Cleveland, Ohio (December, 2005): The Formtek Group of companies which includes Cooper-Weymouth, Peterson (CWP), B&K, Dahlstrom, Engel, FMI/Dahlstrom, Hill Engineering, Iowa Precision Industries, Iowa Rebuilders, Lockformer, Rowe, Tishken, Winpro, and Yoder announced Winpro takes order for another SFM-Series Roll Former in December. The Canadian window manufacturer that made the purchase states, that the savings realized by manufacturing their own screen frames and muntins made it easy to justify. Using just one machine to manufacture and fabricate both products also saves floor space and labor. Please contact Rick Wilson at (216) 360-7616 or at Winpro@formtekleveland.com for more information.
